

Name _____

You must do three hours of community service by Friday, January 13. Those hours can be divided any way you want. Some ideas:

- help a teacher before or after school
- help your neighbors with free chores, babysitting, or pet sitting
- help at a community or religious organization
- help coach or tutor kids younger than you
- participate in clubs (that do things for the community) like yearbook, pep club, civil rights team, or food fairies

You can also come up with your own idea as long as it helps people outside your own family!
You cannot get paid for these activities. Track them here:

On a scale of one (horrible) to 10 (great! I would totally do it again!) how was this? _____

Any comments?
